* Refrigeration load calculated at -25° F evaporation temperature and 110° F condensing temperature.

**LBN-10 has rear air discharge.

***15 Amp time delay breaker or fuse required.

Hussmann refrigerated merchandisers configured for sale for use in the United States meet or surpass the requirements of the DOE 2012 energy efficiency standards.

Advanced Design.

- Large 10" front window provides greater product viewing area.
- "Sweep back" design of lower merchandiser enhances product visibility and provides customer "toe" space for easy access to product display.
- Enhanced design and visibility stimulates impulse product sales.

Merchandising with Style.

- Slide-out refrigeration and electrical components accessible from front.
- Front air discharge for positioning merchandisers back-to-back or against wall LBN-10 has rear air discharge.

Smart Construction.

- Built to last with minimum maintenance.
- Durable white powder coated paint exterior finish.
- Standard front bumper design protects merchandiser front.
- Tempered glass low-E fog-resistant lids.
- CFC-free blown in urethane insulation.

Optional Accessories.

- Laminate countertop with choice of exterior cabinet colors.
- Superstructure available with lighted or unlit canopy.
- Display compartment shelves.
- Bag rack.
- Novelty baskets.
- Leg and Caster kits.
- Lid lock (1 lock per 2 lids)

NOTE: These merchandisers are designed for use in stores when temperature and humidity do not exceed 75°F and 55% R.H. Case is designed for holding pre-frozen product only.

NOTE: We reserve the right to change or revise specifications and product design in connection with any feature of our products. Such changes do not entitle the buyer to corresponding changes, improvements, additions, or replacements for equipment previously sold or shipped.
